To

The Secretary to Government of Mysore,

General Department,

B A N G A L O R E .

Sir,

I have the honor to state that when the Mysore Horticultural Society was first started, one of the main objects was to give the Members the full benefit for the subscription they pay, in giving them plants and seeds, and Government at that time sanctioned my proposals with the result that good deal of work was being done by the Members in the trial and cultivation of plants generally.

Since restarting the society this concession has been waived in favor of getting free tickets to the Horticultural Shows. For the supply of seeds and plants 10% discount was asked and granted by Government. The free ticket concession has no directly ---- useful effect on local Horticulture and 10% discount has been very little inducement to members taking up larger active interest in the cultivation of plants.

Now that the Society is running the Shows, the free ticket concession is no longer of any concern to us and I strongly urge Government to sanction the former concession of plants and seeds (such are as grown in the Lal-Bagh) at half rates. This will mean that every Member will get plants and seeds free to the full amount of his subscription, half the amount being debited to the Seedroom and half to the Society's activities.

Extract ~~of~~ from the minutes of the meeting of the Managing Committee of the Horticultural Society held on Saturday the 20th May 1922.

The urgency of encouraging cultivation of more ---- interesting plants and flower among the members of the Society was discussed and it was agreed on all sides that the want of the former facilities to get plants and seeds at half cost from the Lal-Bagh was keenly felt. Resolved that Government be requested to revive the former concessions.
